- Vaccine companies have NO FINANCIAL Liability for deaths or injury due to Federal law (NCVIA) of 1986.**
- VACCINES SAFE? NCVIA HAS PAID OUT \$3.8 BILLION FOR VACCINE INJURY OR DEATH**

**Only 1% of vaccine injuries are reported and only 1/3 of the petitions are compensated – then up to 99% of vaccine injuries go unreported... LearnTheRisk.org**

The National Childhood Vaccine Injury Act of 1986 - completely protects vaccine manufacturers from all product liability lawsuits. Consequently, the industry has no incentive to make safe vaccines. This law encouraged continued production of unsafe vaccines. This law came about because vaccine companies were facing bankruptcy with lawsuits for killing and injuring children with their unsafe and deadly products.

In 2018 JFK Jr. filed a lawsuit against the HHS has forced the agency to admit that they never, not once, filed the required biannual reports with Congress on increasing vaccine safety. Instead they increased the vaccine schedule uptake and vigorously defended against any claim vaccines cause harm.

\*Previously reported as measles-containing vaccine (MCV)

†No national coverage data were collected from 1986 through 1990.

§In 2008, data are for PCV4+.

**Combined 4-3-1:** Four or more doses of DTP/DTaP/DT, three or more doses of poliovirus vaccine, and one or more doses of any measles-containing vaccine.

**Combined 4-3-1-3:** Four or more doses of DTP/DTaP/DT, three or more doses of poliovirus vaccine, one or more doses of any measles-containing vaccine, and three or more doses of *Haemophilus influenzae* type b vaccine.

Data prior to 1993 were collected by the National Health Interview Survey and represent 2-year-old children. Data from 1993 forward are from the National Immunization Survey and represent 19-35 month-old children. Different methods were used for the two surveys.

Data are available for combinations of vaccines not reflected on this table. For more information about annual coverage figures from 1994 to the present, see <http://www.cdc.gov/vaccines/stats-sur/nis/default.htm>.
